

Mentor Needed for

NATE

Outgoing and talkative 14 year old Nate (he/him) would love a mentor who wants to hang out and have fun. If you like to talk about Star Wars, Marvel and Minecraft while building with legos or playing video games, Nate's your guy! He also enjoys swimming and jumping on his trampoline but prefers more indoor activities to outdoorsy ones.

Looking for a mentor who...

- Is a younger male who shares Nate's passions
- Lives near or will travel to/from the New Duluth area
- Will accept Nate for who he is while encouraging new interests
- Can commit to at least 4 hours a month with Nate for at least a year
